

# Emre Montage

Signage, Façade & Shop Fittings Installations

## Who we are?

Emre Montage, founded in 1999 to provide turnkey installation services for its clients with the priority of smooth and continues customer satisfaction.

Emre is servicing nearly all the brands and signage manufacturers in Turkey and is able to service in CIS and EMEA Regions as well.

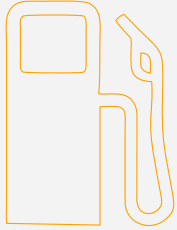

The team is consist of 51 installers and can be increased up to 100 people when needed.

We have 17 fully equipped vans and 2 supervisor cars which are ready to move and finalize any kind & size of project. All the vehicles are under realtime control with GPRS system.

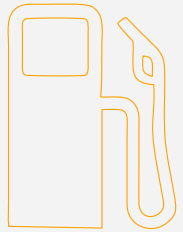

All teams report, photograph and email the installation results after the completion of the sites. We archive these documents weekly and send to the customers periodically if requested.

The team members are educated / trained and certified with the necessary health and security programmes and certificates.
